

# BATRIK SAVEFACE™ FACE SHIELD

Our SaveFace™ Face Shield (Visor) is lightweight and allows for good peripheral vision while acting as a physical barrier against splashes. Can be used for extended periods due to comfort-focused design and superior quality materials.

Choose amongst two models:

- The classic **non-draped** model closes the gap between the shield and the chest bone when head is tilted forward for added protection.
- **Draped** offers full-length coverage extending from the top of the eyebrow to below the chest, covering the anterior neck area as per CDC recommendations.
