

BATRIK COUVRETTE™ VALVE COVERS

Our Couvrette™ Valve Covers eliminate the need for manual cleaning and reprocessing of reusable valves. Our single use Valve Covers effectively reduce cross contamination between patients and also reduce fluid leakage from the parts during procedures.

- Easily and securely fit to all valves
- Reduce the potential for errors
- Single-Use
- Non-Sterile
- Latex free

TIP: REUSABLE VALVE COVERS ARE NOTORIOUSLY DIFFICULT TO CLEAN.

SAVE TIME AND REDUCE RISK WITH COUVRETTE™.
