

Your First ™

**ENZYMATIC BEDSIDE SPONGE KITS**

**RightSwipe™**

Introducing RightSwipe™, our Enzymatic Bedside Sponge Kits now feature sponges treated with an enhanced formula for a more effective pre-clean or surface clean solution. This unique three-enzyme blend ensures confident and efficient cleaning, making RightSwipe™ the perfect match for your endoscope care needs. The tubular sponge design remains ideal for all endoscopes, providing versatility alongside the advanced benefits of our enzymatic solution.
