

# umbilical placement pack

Our umbilical placement pack contains everything required to safely & efficiently place an umbilical catheter

## The benefits of our umbilical packs

### Cost saving

A complete pack costs less than buying the individual components.

### Delivers better patient care

Pack enables Aseptic Non Touch Technique for catheter placement to minimise infections. Also allows traceability of pack components used.

### Reinforces best practice

Pack includes a heat sealed drape (to maximise the sterile barrier) and a safety hypodermic needle (to minimise the risk of accidental needlestick injuries).

### Standardises procedures

Consistent clinical practice assured with identical pack contents.

### More environmentally friendly

Less waste with a pack compared to multiple packaging of individual components.

**Each pack contains**

	18G hypodermic safety needle		20G hypodermic safety needle		Scalpel
	Drapes without adhesive		40x40cm fenestrated transparent drape with "Easy-peel"		Drape towels
